## WELFARE

**On' Americans Detained in Turkey Is Causing State Department Worry**

### CAN'T GET INFORMATION

**Ambassador At Constantinople Is Asked to Report On Conditions—Relief Ship Cruiser Des Moines With Food and Supplies Held Back When Relations With Germany Became Strained.**

(Associated Press Telegram)  
Washington, Feb. 14.—Another inquiry was sent by the state department today to Ambassador Eikos at Constantinople to develop why he had not been able to report about the marooned Americans detained in Asia minor. Since the break with Germany no word has been able to reach this country from Constantinople.

It developed today that the naval collier Caesar, loaded with a quarter million dollars worth of food supplies, contributed by Americans, for Syrians and Armenians, and the cruised Des Moines, with a cargo of medical supplies, both bound for Beirut, have been ordered held at Alexandria indefinitely by the navy department.

After the break with Germany officials here decided it was essential to keep the two vessels from entering a Turkish port until sufficient guarantees had been obtained that they would come to no harm.

Much surprise exists here over the cutting off of all communication with Turkey and Bulgaria where the United States is responsible not only for extensive American interests but also is representing some of the belligerent powers.

The plight of the thousand Americans who have been detained more than a year by the Turkish military authorities, despite assurances of the Turkish foreign office that they would be released, is arousing alarm here because the whole section is largely destitute of food, and is known to be infected with disease. Turkey, after peremptory demands, agreed to allow the Americans to leave, but the Turkish military director there refused for a long time on the ground that the refugees would take away military information.

Both the Des Moines and the Caesar were en route to rescue the Americans when the break with Germany threw all the arrangements into confusion. Intimations also have been received that the Turks intend to hamper or totally prevent distribution of the Caesar's relief supplies if they could.

## MORE PROTESTS SENT TO GERMANY ON U-BOAT PLAN

(Associated Press Telegram)  
London, Feb. 14.—Reuters Copenhagen correspondent reports that Norway, Sweden and Denmark have handed to the German minister identical notes protesting against the naval measures taken by Germany and Austria-Hungary and making all reservations regarding the loss of life and the material damage resulting.

The following official communication has been issued:

"On Tuesday, the 13th instant, the Danish, Norwegian and Swedish governments handed to the German ministers in their respective capitals notes identical in tenor protesting against the barring of certain sea zones announced by Germany and Austria. The note begins by recalling the fact that during the war the governments have several times found themselves obliged to formulate against serious infringements of the rights of neutrals involved by measures of various belligerent powers. It then emphasizes the fact that the governments, whose actions on these various occasions were as always inspired by the spirit of the most perfect local impartiality, confined themselves to defending the absolute rights of neutrals.

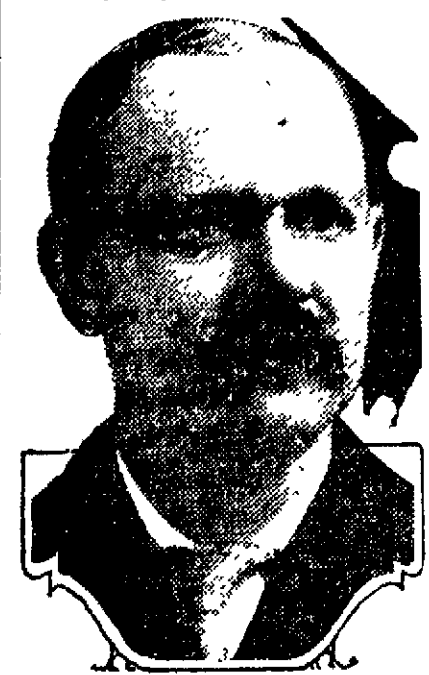

After pointing out that the governments have on previous occasions protested against measures of belligerents tending to restrict the free use of the seas by neutrals, the note proceeds to emphasize that the governments on this occasion are all the more bound to maintain, in taking the same point of view, that the obstacles placed in the way of neutral navigation are now more considerable, in both extent and gravity.

"The note draws attention to the fact that the only rules of international law which might be invoked in support of measures having as their objects the prevention of all commerce and all navigation with the enemy are those relating to a naval blockade."

### GIFT TO LIBRARY.

Boston, Feb. 14.—Funds, which eventually will amount to \$2,000,000 for the enlargement of the Boston Public Library or the construction of a new building are provided for in the will of Josiah H. Benton.

## GERMAN BORN BUT HE'S FOR UNCLE SAM

Leonard Frank.

Leonard Frank, of Sioux City, Iowa, a native of Germany who has built up one of the greatest restaurant businesses in the northwest through advertising his German cooking, has scraped the German eagle off his plate glass windows; given his German cooks the customary "week's notice"; hired decorators to put the sign "American cooking" on the windows and painted pictures of Old Glory where the former eagle screamed, and served notice that he has forever suspended all relations with things German. All this by reason of the fact that President Wilson has broken off diplomatic relations with Germany.

## MAY ASK FOR AUTHORITY TO GUARD SHIPS

(Associated Press Telegram)  
Washington, Feb. 14.—President Wilson is expected now to defer a decision on the question of furnishing guns to American merchant ships until he decides whether to go before congress and ask for additional authority for the protection of American ships and lives.

It was indicated in authoritative sources today that there had been no change in the policy of the government up to the present time and that none is in immediate prospect.

The accumulation of incidents involving violations of American rights since the diplomatic break with Germany is generally believed by administration officials to be hastening the approach of the hour when the president again will go before congress.

The re-detention of the seventy-two Americans brought in on the prize ship Yarrowdale is regarded as another acute indication of Germany's disregard of American rights. If, in fact, a vigorous protest has not already gone forward it will be sent in the near future unless Germany promptly releases the men.

A definite sentiment gained ground in administration quarters that an accumulation of acts indicating a disregard for American rights will have as much to do with shaping the policy of the United States as any overt acts which may be committed against American ships.

While it has been indicated at the state department that there can be no legal objection to the government furnishing guns to American merchant ships President Wilson is understood to be disinclined to take any step which might give Germany the slightest ground for throwing responsibility for any future trouble upon the United States. This was the government's attitude today although it was admitted that there always was possibility of change, according to circumstances.

Reports of the piling up of freight destined to Europe, that temporary shutting down of grain elevators and other evidences of the effect of the new submarine campaign upon neutral commerce are regarded as part of the accumulation of aggravations which are expected to lead to action.

So far the government has received nothing official to indicate any change of submarine policy by Germany and can only believe that American lives or ships may be sacrificed at any moment.

Vigorous denials were made today to reports of a split in the cabinet over the question of furnishing guns for American ships. Naturally it was said, there may be differences of judgment but it was declared that the members of the cabinet will stand solidly behind the president in any decision he may make.

### BILL IS DEFEATED.

(Associated Press Telegram)  
Columbus, Feb. 14.—The bill offered by Representative Hoy of Jackson, providing for the abolishment of state wide civil service, was defeated in the house this afternoon when it failed to obtain the 77 votes necessary for the passage of the measure. The vote on the bill was 48 to 44 for against.

### INDICTED CASHIER DIES.

(Associated Press Telegram)  
New Richmond, Feb. 14.—G. W. McVerry, former cashier of the old First National bank of this city, who was under indictment by a federal grand jury charged with violating the National Banking laws, died here last night. McVerry's trial was to have come up this morning.

## CAVALRY

**May Again Enter Mexico to Rescue Three Americans Held by Raiders**

### WERE MORMON COWBOYS

**Bandits Under Command of Villa Chief Responsible For Raid On Ranch 60 Miles From Hachita, N. M.—Horses Killed By Mexicans and Ranch Supplies are Taken Across the Border.**

(Associated Press Telegram)  
Hachita, N. M., Feb. 14.—American cavalry troops may cross the international line today in an effort to rescue the three American Mormon cowboys, A. P. Peterson, Hugh Accord and Burton Jensen, who were carried off by a band of armed Mexicans under command of Prudencio Miranda, said to be connected with Jose Ynez Salazar's force.

El Paso, Feb. 14.—Private advices received last night from Columbus, N. M., said three Mormons were killed by a band of Mexicans which 60 miles southwest of Hachita, N. M., yesterday, and raised the "Corner Ranch." Andrew Peterson and two Mormons and a number of Mexican ranch hands were taken prisoners. Live stock, ranch supplies and other property were stolen.

The message was received from Bob Morehead, foreman of the Alamo Huevo Ranch, saying the Corner Ranch, which is on the American side of the line, was raided by the Mexicans. Two Mexican families were forced to accompany the bandits, it was said, in addition to the ranch hands, according to the telegram.

The Mormons in the section are John Pierce, Miles Pierce, Andrew Peterson, Jr., two brothers named Jensen and a young man named Adams.

The Corner Ranch is owned by the Palomas Land and Cattle company, C. K. Warren of Three Oaks, Mich., is one of the principal stockholders in the company.

Ten dead horses were found on the ranch after the Mexicans had raided it and a large quantity of supplies, ranch stock and other property was taken.

Another message to American cattlemen here told of a raid on the Nogales ranch on the Mexican side of the boundary, south of Hachita, N. M., but which is owned by American cattlemen.

## AMERICANS ARE URGED NOT TO LEAVE GERMANY

Berlin, Feb. 13, via London, Feb. 14.—An appeal to Americans in Germany not to become alarmed and to conduct their business as usual is contained in the weekly bulletin of the American Association of Commerce and Trade, an organization representing American business in this country. The bulletin says in part:

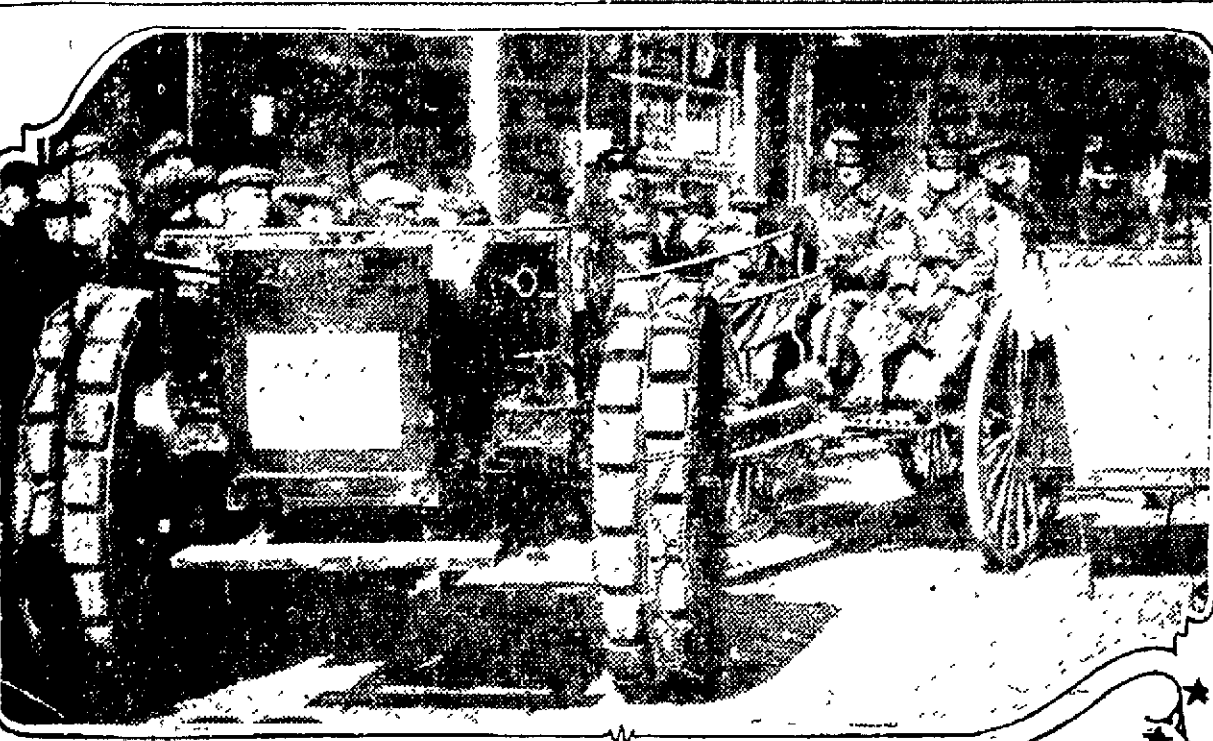

"Americans resident in Germany should always bear in mind during the present war that reports and information reaching Germany must pass for the greater part through cables and censorship of nations waging war on Germany. It is not to be supposed that these nations will permit favorable reports to reach the ears of Americans residing in Germany or countries allied with Germany. We say without the slightest hesitation that reports of every nature must be taken with a grain of salt. We cannot know definitely what the situation is and certainly cannot know the intentions of those who are at present at the head of the government of the United States. It is our belief that they do not desire war with any nation in the world, and certainly the traditional friendship of more than 100 years between Germany and the United States is a good guarantee that those relations should continue.

"At the present time we cannot see any reason why Americans should become alarmed or hysterical and neglect or abandon their business. We know there are many Americans in Germany, owners of businesses, or representatives of firms, who would suffer almost irreparable loss should they leave the country. Establishments once closed will have trouble in reopening and many years of valuable labor would be lost. No matter how the situation may develop we believe that Americans in Germany would conduct themselves properly and bravely and will have nothing to fear and will in no way be disturbed.

The treaty of 1794 between Prussia and the United States as well as treaties between the two countries guarantee full protection to the citizens of the respective countries."

The association is continuing its activities as usual and American firms domiciled in Germany are also carrying on their businesses. Only three or four members of the American business community in Berlin, which is quite numerous, have left Germany.

## NEWEST WAR MACHINE IS HUGE TRUCK HANDLED BY LINES

The "war horse" truck with line drive, driving through Chicago streets.

This newest battle steed made its appearance in Chicago a few days ago, where it was used in connection with a recruiting campaign. This truck is said to be manageable in the most terrific engagement. It is handled by lines—the same as those used in driving a team of horses. It will trail a very heavy load.

## American Schooner With Lumber Cargo Is Sunk by U-Boat

(Associated Press Telegram)  
London, Feb. 14.—The American schooner Lyman M. Law was sunk by a submarine on Monday, according to a dispatch from the Stefani agency of Rome. The crew including eight Americans is reported to have landed.

The Lyman M. Law, Captain Chatfield, was last reported on her departure from Stockton, Maine, for Palermo, Sicily. She was owned by the Benedict-Manson Marine company of New Haven, Conn. Her gross tonnage was 1300. She was built in 1890 at West Haven, Conn.

### CARGO OF LUMBER.

(Associated Press Telegram)  
New York, Feb. 14.—The Lyman Law carried a crew of nine men in addition to her captain, all Americans and was loaded with lumber material used in Italy for manufacture of lemon crates, according to the schooner's agents here, the Maritime transportation company.

### WASHINGTON SEEKS FACTS.

(Associated Press Telegram)  
Washington, Feb. 14.—On the basis of news dispatches, the government began seeking official information of the destruction of the American schooner Lyman M. Law by a submarine to determine at once how the case affects the delicate situation between Germany and the United States. The dispatch was taken to indicate that the Law was sunk in the Mediterranean where Austria also is conducting submarine operations.

Whether the destruction of the Law will turn out to be "the overt act" of the submarine campaign will have to depend on the exact facts.

### BOMB DESTROYED VESSEL.

(Associated Press Telegram)  
Washington, Feb. 14.—Consul Treadway at Rome cabled a report today indicating that American schooner Lyman M. Law was not torpedoed but was destroyed by a bomb placed on board by a submarine. Secretary Lansing had another report which said the ship was sunk by gunfire from a submarine.

### CARRIED NO CONTRABAND.

(Associated Press Telegram)  
Bangor, Maine, Feb. 14.—The Schooner Lyman M. Law, reported sunk on Monday by a submarine sailed from Penobscot Bay on January 6 with 60,000 bundles of lemon box shooks, taken on at Stockton a week earlier. There was no contraband aboard, according to the T. J. Stewart company of this city, the shippers of the cargo. The schooner was to go direct to Palermo, without touching at any other port. The cargo was valued at \$31,200 and was insured.

## POTATOES COST SAME AS APPLES AND ORANGES

(Associated Press Telegram)  
Denver, Colo., Feb. 14.—Potatoes today rival oranges and apples in price on Denver markets. An increase of 1.50 a hundred weight on best 20's of the tubers, bringing the price to \$5.50 a hundred, forced dealers, they say, to put the retail price up to four pounds for 25 cents.

Good quality apples have been selling at the same price and oranges are to be had at 10 cents a dozen. Unlike the potatoes, small, no more than a dozen are comprised in a quarter's worth at present rates.

## GREAT BRITAIN SURROUND BOATS WITH PATROL FLEET

(Associated Press Telegram)  
New York, Feb. 14.—Travelers from Europe arriving here on British ships speak of the extreme activity of the British patrol boats which they say swarmed about them during their journey, through the submarine war zone. Passengers on the Lancia and the Scotia, which got in yesterday, said that armed trawlers and other patrol boats accompanied them part of the way in relay.

The Ryndam of the Holland-American line reached her dock at Hoboken, N. J., this morning. She sailed from this port for Rotterdam on January 28 but turned about within 14 hours of Falmouth and came back because it is understood her captain declined not to risk the lives of his passengers in the blockade.

## BERNSTORFF ABOARD SHIP FOR GERMANY

(Associated Press Telegram)  
Hoboken, N. J., Feb. 14.—Count Johan H. von Bernstorff, together with his wife and 200 German diplomatic and consular officials, was safely aboard the Scandinavian liner Frederick VIII here today waiting to depart for Copenhagen on his way home to Germany. The trip of the special train which brought the former ambassador and his suite from Washington was completed without untoward incident, secret service representatives having made every provision for the protection of those on board.

### TRAIN CLOSELY GUARDED.

(Associated Press Telegram)  
Hoboken, N. J., Feb. 14.—The special train carrying Count von Bernstorff, formerly German ambassador to the United States and his suite from Washington arrived at the railroad terminal here at 6:56 a. m.

After the count and his party had boarded the ship, Collector Malone and his guards lined up behind a wooden fence at the street end of the pier and prevented persons other than passengers from passing.

The train was immediately surrounded by a guard of Hoboken police and government secret service men and no one was permitted to approach without credentials. Count von Bernstorff and the members of his party remained in their state rooms for half an hour after the train stopped about two blocks from the dock of the Scandinavian American line steamship Frederick VIII, on which they will sail for Copenhagen at 2 o'clock this afternoon. Then the count and countless surprised the group of newspaper men, photographers and moving picture operators who were permitted to pass the police lines by appearing on the platform of their car. Bernstorff smilingly acknowledged the greetings of several persons he knew and for five minutes posed good naturedly for the benefit of the camera men.

Although he exchanged informal remarks the count refused to submit to an interview. "I am sorry," he said, "but I have nothing to say. It was all said yesterday. I am under orders."

At 7:37 o'clock the count and Countess von Bernstorff stepped into a closed automobile and were taken to the pier. They had breakfast with several of their immediate friends on board the ship.

Fifteen automobiles were on hand to transport the former ambassador and his party to the steamship pier. Prince von Hatzfeldt-Trachenberg, counselor of the German embassy in Washington, was also aboard the steamship. No effort was made to transfer all the members of the party at the same time.

Collector Malone of the port of New York, with ten officials of the customs house spent the night on the Frederick VIII ready to receive the former ambassador when he came aboard.

In addition to the count and the countess von Bernstorff, the Frederick VIII will carry high officials of the German embassy and a number of consular officers from different parts of the country who have awaited themselves on this opportunity to get safely home. Among the latter are Wilhelm Brinck of the Cincinnati consulate, Dr. Karl L. Duishner of the San Francisco consulate and Dr. Paul Ron of the New Orleans consulate.

The Frederick VIII will carry 400 passengers in her first and 250 in her second class cabins, the largest number she ever booked. Among them is the baroness Zwiernick, wife of Baron Zwiernick, who was designated charge d'affaires of the Austrian embassy after the dismissal of Ambassador Dumba.

Another passenger is Wolf von Loef, who has been arrested in connection with alleged plots to blow up the Welland canal and was permitted to leave the country although under (Continued on Page 7, Col. 3.)

## REBELS

**Will Not Be Recognized by the United States, Lansing Warns**

### REVOLT IN FULL SWING

**Liberal Party Has Headquarters Established in New York City—President Menocal Declines to Resign and Will Quell Rebellion With "All Severity," He Replies to Liberals.**

(Associated Press Telegram)  
Washington, Feb. 14.—Secretary Lansing sent to the Cuban people today a warning that any government that might be established by revolt could not be recognized by the United States.

Contented by what appears to be a carefully prepared Liberal rebellion, the administration has been ordered to consider what steps could be taken. Intervention by the United States is contemplated with reluctance, but the intimation has been conveyed to President Menocal and to the leaders of the uprising that such a step may be taken if it becomes necessary.

The message to the Cuban people was sent to Minister Gonzales and to all American consuls with instructions that it be given widest publicity.

### WON IMPORTANT VICTORIES.

(Associated Press Telegram)  
New York, Feb. 14.—Representatives of the Cuban Liberal party which has established headquarters here declare that the revolution in Cuba is in full swing and that the revolutionists have won some important victories and head of the local party, says he has just received cable advice that Dr. Alfredoayas, liberal party candidate for president, and General Jose Miguel Gomez, former president of the republic have taken up arms against President Menocal and are fighting in the field.

"Dr. Ferrera today received from President Menocal a reply to his telegram calling upon Menocal to resign in favor of Vice-President Arango if he would avoid further blood shed. President Menocal asserted his intention to put down the revolution with all the severity of which he is capable," Dr. Ferrera's demand, the president said, surprised him "because of its unexampled audacity."

Members of the Cuban colony here have received word that President Menocal is taking drastic measures to subdue the uprising. Dr. George Henriquez, who went to Washington last night, will ask the president and the state department to intervene in behalf of Lieutenant (Continued on Page 7, Col. 3.)

## SHOULD BACK PROHIBITION, PARKER ASSERTS

(Associated Press Telegram)  
Atlanta, Ga., Feb. 14.—John M. Parker of New Orleans, progressive candidate for vice-president in the last campaign, told a group of progressive meeting here today preliminary to the national conference in St. Louis that the progressives should endorse national prohibition and continue efforts in behalf of principles adopted in 1912.

"A party to endure must be larger than any man or set of men," he said. "Its principles must be worth fighting for; its policy controlled by all its members and its financial support by the hard earned dollars of the many, not the financial power of a few men."

Several southern states were represented at the meeting here which progressive leaders have been planning more than a month. Mr. Parker stated that it was little difference whether the proposed name of "liberal party" was adopted at the St. Louis gathering as the principles of the party would remain the same. "True progressives steadily and insistently emphasized the importance of the platform of 1912 he said and an awakened conscience has forced the passage by the present human welfare legislation and administration of more wholesome legislation for the benefit of our agriculturalists than have been put on the statute books in the last fifty years.

"When the old parties realized the progressive platform was exactly what it meant and not a plank to get in to office an dethy become panic stricken and fought with every means at their disposal."

Among other principles Mr. Parker said progressives should stand for uniform laws on divorce, marriage, property, corporations and human welfare, opposition to "pork barrel" legislation, legislation giving the president the power to veto any part of a bill without disagreeing to the entire measure allowing trading salesmen to vote by mail and "common sense" methods against piling up of great fortunes.

**TERRIBLE SHOOTING PAINS IN THE BACK**

Lame Muscles, Stiff, Sore Joints Vanish When Cause Is Removed

"A rheumatic treatment to be successful," says Dr. S. Whitehall, of South Bend, Ind., "must seek to remove the cause, and the symptoms then will quickly disappear."

Dr. Whitehall has been a very successful specialist in rheumatism for many years, and the formula he perfected 26 years ago is still employed today with just as good results as ever. This excellent preparation is known as Dr. Whitehall's Rheumatic Remedy.

This remedy is said to be efficacious in nearly every form of rheumatism, and people suffering with stiff, painful, swollen joints or muscles, or constant and severe shooting pains, should get a package of this remedy and use it faithfully according to the simple directions, as splendid results invariably follow very soon.

Dr. Whitehall's Rheumatic Remedy can be had at any drug store now for only 50c a package.

**HERE'S HELP FOR LISTLESS FOLKS**

New Remedy Restores Zest of Life and Renews Ambition.

**HEALTH EXPERT TELLS HOW**

Run Down Condition Usually Due to Rapid Eating or Overeating, Says Man Who Has Set Many Tongues Wagging With Original Ideas. Thousands Just Half Sick.

"Thousands of persons drag along from morning until night without energy or ambition. They are not sick enough to go to bed, but they lack the zest of life. They are just half sick."

Such was the statement of the Tanlac health expert, who has created widespread comment by his original ideas. He continued:

"You can't have good health if you have poor digestion."

**Too Many Bolt Food.**

"The stomach is the most important organ in the body and the most abused. The large majority of people do not take sufficient time to eat their food. They give no thought to what foods are good for them. They simply swallow what is convenient and pleasant."

"The stomach tells quickly when it is abused through overeating or other mistreatment. When it warns, take instant heed or dire results will follow."

"A disordered stomach brings on headaches. It causes constipation, biliousness, indigestion, nervous disorders and other ills."

**Tanlac Most Successful.**

"Tanlac is the most successful remedy for stomach ills on the market today. It is composed of roots, herbs, and berries gathered in all parts of the world. By its composition it is designed to build strength, create better digestion and more blood, and to strengthen the nervous system through correction of the common disorders of the stomach, liver and mucous membranes. The testimony of your neighbors all around you bears out that it has accomplished this."

Tanlac may be obtained in Newark at Frank D. Hall's Drug Store.

## FINAL PLANS FOR GREATER UNIVERSITY

(Special to The Advocate)  
Granville, Feb. 14.—E. A. Deeds of Dayton and President C. W. Chamberlain of Denison University, returned last night from New York City where they went to attend a meeting of the Building and Grounds Committee of the Denison board of trustees. Ambrose Swazey of Cleveland was the only member of the committee not present at the meeting. Mr. Swazey is now in China, but plans to return in time for the April meeting of the board in Granville. The building and grounds committee met with J. C. Olmsted of Olmsted Bros., architects of Boston and Ernest Flagg architect of New York. There were three meetings and the committee has determined on the final draft of plans for the future development of Denison university.

Through the generosity of Mr. Deeds, the college has recently acquired two farms of 150 acres adjoining the college campus on the north and the residence properties comprising 35 acres adjoining the college campus on the west, south and east. The college fortunately lies at the edge of Granville, so that its future development does not necessitate a crowding of the town. The 150 acres to the north of the college will be developed into large athletic fields and recreation grounds for the two colleges. Granville College for men and Shepardson College for women.

Granville is located on a high plateau 1100 feet above sea level. The college stands on a rock in the middle of the valley. This rock is 100 feet high, 700 feet wide and about a mile long. To render the recreation grounds to the north of College hill accessible to the people of Granville, Mr. Deeds will construct a tunnel from the head of Main street to the athletic field north of College hill. Midway, in the tunnel an electric elevator will be provided to the top of College hill, so that residents of the town may have ready access to the libraries and assembly rooms on the hill top.

Last year friends of the college, added one-half million dollars to its endowment. The college is now engaged in a campaign for an additional half million. The present resources of the university now exceed two million dollars.

## TO RID PREMISES OF HOG CHOLERA

When members of a family have recovered from an attack of Scarlet Fever, Diphtheria or other contagious disease, the house must be fumigated and disinfected before it is occupied by others. Even so it is necessary to clean and disinfect quarters which were occupied by livestock while suffering with a contagious disease, before restocking with healthy animals. It requires more care in disinfecting a barn than in fumigating a house because of the accumulations of litter and dirt.

Nature's great disinfectant is fresh air and sunlight. The infection is harbored in its vitality maintained in dark, ill-ventilated stables, under leaky floors, in manure and litter, in corners and crevices where sunlight cannot penetrate. Where diseased animals are properly isolated, final disinfection is easily accomplished.

In order to cover conditions which may prevail on different farms, we will assume that the owner pays but little attention to his hogs; that he finds one or more dead animals and a large number diseased; that the hogs had access to hog stable and lot, manure pile, straw stock and a pasture field with mud wallows. This is an extreme case but not an uncommon one.

Before proceeding with disinfection of premises, proper disposition must be made of dead animals and sick hogs isolated as explained in previous articles.

The secret of efficient disinfection is thoroughness. Nothing should be taken for granted. Thorough cleaning is absolutely necessary to efficient disinfection. It should be done systematically in a manner somewhat as follows:

1. Haul out all manure and spread on field exposed to the sun. Cut down around the outside of straw stacks and sweep up all cobs, bedding and litter of every description, and burn. Take up three or four inches of dirt under fences, which if made of rails, should be rebuilt with bottom rails on top. The location of the hog lot should be changed for a season, if possible, and the old lot covered with freshly slaked lime and either plowed or left exposed to the sun for a season, with occasional harrowing.

In the hog stable the floors, troughs, sidewalls, posts and ceiling should be thoroughly cleaned and scraped, removing all manure, cobs, weeds, etc. An old leaky wooden floor should be torn out, burned and replaced with new flooring.

After cleaning, the entire interior should be sprayed with a good disinfectant, preferably a solution of Liquor Cresol Compound, one gallon to thirty gallons of water. The use of an orchard spray pump for this purpose has been found very satisfactory. Care must be taken that every corner and crevice is thoroughly wet. Troughs and utensils should have special care, also the wagons and tools used in hauling manure.

Mud wallows should be limed and filled in. The open field may safely be left exposed to the sun for a season or plowed for crops.

Disinfection of this kind will rid a premises of infection of most of the contagious diseases common to livestock in this state. But an inefficient disinfection is worse than useless, as it may give one a sense of security when there is no security.

L. P. BEECHY,  
Inspector in Charge.

## State News

MT. VERNON—Col. and Mrs. I. D. Hunt, "eloped" to the home of relatives in Iowa, Jan. 27, to celebrate their 50th wedding anniversary.

MT. VERNON—Three young people suffered sprained arms and legs when a bobbed with nine people aboard crashed into a bank on a long hill here last night.

MANSFIELD—Andrew Bueson, retired manufacturer and extensive property owner, dropped dead at his home here on his eightieth birthday anniversary.

MARTINS FERRY—Mrs. Mary Brand celebrated her 100th birthday anniversary by scrubbing the steps leading to her home in Walnut street.

MARYSVILLE—Bethlehem church in Claibourne Township was badly damaged by fire as the result of a defective flue today. This is the second time this church has caught fire this winter.

FINDLAY—Acting Mayor Shoupe seized two cars of coal on railroad tracks and allowed dealers to deliver the coal to consumers, relieving considerably the fuel shortage in Findlay.

## SUNDAY SCHOOL INSTITUTE PLANNED FOR LICKING CO.

A district Sunday school workers' meeting was held in the First M. E. church in Granville this morning, for the purpose of making arrangements for a big district meeting to be held in Granville on April 11 and 12. J. E. Purdy, superintendent of institute work will be in charge and the meeting will be held to benefit Sunday school teachers, officers and workers.

The institute will include delegates from all Sunday schools of the Methodist denomination in Licking county, and at the meeting this morning four group leaders were named. T. H. Borror of Alexandria, W. H. Mitchell of Kirtersville, J. E. Walters of East Main street, and A. E. Harper of Hanover. These leaders will organize the delegations.

## Home Missionary Subjects Discussed At District Meet

Forty delegates are attending the group meeting of the Zanesville District of the Home Missionary society at the Neal Avenue M. E. church today. This meeting is a part of the Zanesville district and Mrs. Ludy, district president of Zanesville is presiding at today's meeting.

The principal address was delivered by Miss Carrie Barge of Delaware, who is the national field secretary. Aside from the delegates a number of women interested in missionary work are attending and Home Missionary problems are being discussed.

## A. B. C. ENTRIES LARGE.

(Associated Press Telegram)  
Chicago, Feb. 14.—Entries to the 17th tournament of the American Bowling Congress which opens at Grand Rapids, Mich., March 3, will close at midnight tonight. Entries containing entries from 14 clubs in Cincinnati, Buffalo, and Detroit reached Secretary A. L. Lanier yesterday and swelled the total to more than 700 clubs.

## GERMANS GAIN VICTORY.

(Associated Press Telegram)  
Berlin, Feb. 14.—(Wireless to Sayville.)—Several Russian positions in the West Caneel sector of Rumania were stormed yesterday by Teuton troops under command of Archduke Joseph, says today's German official statement. The captured ground was held despite violent counterattacks. More than 1200 Russian prisoners were taken prisoner and the booty captured by the Austro-Germans included three cannon and 12 machine guns.

## VIOLENT FIGHTING.

(Associated Press Telegram)  
Berlin, Feb. 14.—(Wireless to Sayville.)—British troops in strength continued yesterday their attacks against the German position on the north bank of the river Ancre in France. Two British attacks south of the town of Serre were repulsed after violent hand-to-hand fighting according to the official announcement issued today by German army headquarters.

## RETAIN 1916 TAGS.

Mayor Bigbee today called attention to the fact that all automobile owners should keep 1916 license tags displayed on their cars until they got new ones.

## In the Past Tense.

"When I die," said the husband, "I want you to have this sentence placed on my monument: 'There is peace and quiet in heaven.'"

"I think," rejoined the wife, "it would be more appropriate to say: 'There was peace and quiet in heaven.'"

## Gossip From State House

Columbus, O., Feb. 14.—The Reynolds bill to grant presidential suffrage to women and the Blausner bill to place quail on the song bird list were the two big measures before the Ohio Senate for a vote late today.

The Blausner bill was expected to pass the Senate with a comfortable majority and suffragists were claiming sufficient votes for the Reynolds bill. Both of these measures have passed the House and it passed by the Senate will go to the governor for his signature.

The Wright bill to abolish the present state board of health and create a health commissioner with a health council for five has been redrafted and is expected to be reported out this week for passage. While the commissioner of health is to be given all administrative powers, the bill provides that the health council of five shall have power to make orders and quasi judicial powers. Governor Cox is said to be favorable to the measure.

With the public utilities commission and the interstate commerce commission investigating the coal shortage situation in Ohio the proposed legislative investigation of this subject is not expected to make much headway. If any new legislation is needed on the subject it may be suggested at the hearing before the utilities commission.

If the resolution offered by Senator O'Brien of Cincinnati to award Ohio National Guardsmen in the federal service on the Mexican border a medal and pay them \$25 apiece is carried out, it will necessitate an appropriation of more than \$200,000, it is estimated. There are approximately 3,000 guardsmen from Ohio in the Federal service.

A bill introduced by Rep. Smith of Cleveland seeking to regulate cold storage houses was up for discussion before the public health committee of the House today. It is designed to relieve the high cost of living.

Increased business in industrial concerns of Ohio is reflected in the premium receipts paid into the workmen's compensation fund for the first twelve days of February, amounting to \$575,000. February will be a record breaker, members of the industrial commission say. The premium for Monday of this week was \$108,000, exceeding by more than \$7,000 the largest previous receipts in one day.

The increase is said to be due to the fact that many of the large manufacturing establishments of the state are engaged in making war munitions and accessories. These are more hazardous occupations than ordinary manufacturing work and naturally demands higher rates.

More accidents are being reported to the commission than ever before and more money is being paid out in compensation to injured workmen.

The State Board of Administration and State Board of Agriculture has organized to build the new \$200,000 coliseum to be erected on the state fair grounds for housing the national dairy show to be held here in October. Dr. A. P. Shepard of the Board of Administration is president and George A. Stauffer of the agricultural board is secretary.

## Speaking of smoking sensibly—

WITH all their good taste, Fatimas would not be a sensible smoke if they weren't comfortable.

In other words, Fatimas would not be sensible if they ever bothered your throat or tongue; or if they didn't leave you feeling all right even after smoking more than usual.

Fatima Cigarettes never

disturb. They can't. The milder tobaccos in their Turkish blend are in such perfect balance with the richer, fuller-flavored leaves as to off-set entirely all of that uncomfortable "oily heaviness" found in so many other cigarettes.

You'll realize this with your first package of Fatimas.

## ALL ELSE FAILED, BUT NERV-WORTH

THIS FAMOUS FAMILY TONIC BROUGHT THE ANSWER FOR MADISON ST. USER.

Read Mrs. Hutchinson's story: "I have suffered for years with stomach and nerve trouble and I have taken several different kinds of medicine, and found no relief until I began taking Nerv-Worth."

"I have taken three bottles now and feel much relieved, and I think every sufferer of stomach and nerve trouble should try this wonderful medicine."

"Yours respectfully,  
(Mrs.) W. C. HUTCHINSON,  
No. 9 Madison St., Newark, O."

Your dollar back at the T. J. Evans Drug Store if Nerv-Worth does not benefit YOU.

Nerv-Worth is also for sale at the following out-of-town drug stores: Helron Drug Store, Helron; Utica Drug Co., Utica; W. P. Ullman's, Granville.—Advertisement. 2-12-14

of the joint board, Harry C. Holbrook, Columbus architect has been employed to draw plans for the building. It probably will be located on the site of the present dairy building and will be designed to seat 7,000 people. The board will advertise for bids for the erection of the building.

Add Capital Gossip  
The flood of new bills continued yesterday. 44 additional measures being proposed in the house and senate.

Following a hearing last night on the Kious bill to repeal the Vanderheide conservancy law, the committee on conservation of which Representative Stokes is chairman was expected today to recommend defeat of the bill. The house has already indicated by previous votes that a big majority favor the retention of the Vanderheide law.

Get a bottle of Kreamol today at Evans' Drug Store and try it. You will be more than pleased with it. 2-14mwf-11

**U. B. REVIVAL SERVICES.**  
Revival services began Sunday at the United Brethren church on Tenth street. The Rev. J. G. Spears of Columbus is preaching. Song services begin each evening at 7:15. The theme last evening was "Who is the King of Glory?" In this sermon the evangelist emphasized God's supremacy, and our dependence on Him; also, the reasonableness of a life of service to Our Maker. The main theme in the meetings will be "Back to the Bible."

## DOCTOR SAYS NUXATED IRON WILL INCREASE STRENGTH OF DELICATE PEOPLE 200% IN TEN DAYS

In many instances—Persons have suffered untold agony for years, doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—flow to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a well known specialist who has studied widely both in this country and Europe said: "If you were to make an actual blood test on all people who are ill, you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill cannot grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicine and waste drugs, which only whip up your fagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how long you can walk without becoming tired. Next take two five-grain tablets of

ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous weak people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron as this has been over come. Nuxated iron for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$1000 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and has their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Wm. A. Branch, "The Great Out-Rate Drug Store and all other druggists. (Advertisement.)

## ELECTORAL VOTE CAST FOR WILSON WITH CEREMONY

(Associated Press Telegram)  
Washington, Feb. 14.—President Wilson was formally and officially declared re-elected today when congress in joint session, as provided by the constitution, canvassed the electoral vote of the states. As presented and certified the official returns gave Wilson and Marshall 277 electoral votes; Hughes and Fairbanks, 254.

The canvassing of the vote today, as always, was conducted with much ceremony. The senate took a recess and preceded by two page boys bearing the official returns, marched over to the house chamber, where Vice President Thomas R. Marshall presided sitting beside Speaker Clark.

The vice president announced that, in obedience to the constitution and laws the senate and house were in joint session for ascertaining and counting the electoral votes in the election for president and vice-president of the United States. He then called upon tellers previously selected to come forward and Senators Kern of Indiana, and Clapp of Minnesota, and Representatives Rucker of Missouri, and Mapes of Michigan, took their places at the clerk's table.

When the tellers were ready, Vice Pres. Marshall cautioned the congress and spectators against "applause or manifestation of approval or disapproval, not in accord with the decorum which should mark so important and solemn an occasion." He then opened and placed in the hands of the tellers the election certificates in alphabetical order of the states and ordered them to examine, count and announce the vote, state by state, as they should be called.

In due course a list was submitted to the chair showing that President Wilson and Marshall had received a total of 277 votes— Hughes and Fairbanks 254 votes. The report was then read aloud by the vice president after which he declared: "This announcement of the state of the vote by the president of the U. S. senate shall be deemed as sufficient declaration of the persons elected president and vice president of the United States, each for the term beginning March 4, 1917, and shall be entered, together with a list of the votes, on the journals of the senate and house of representatives."

With this done, the joint session was dissolved, members of the senate filed out of the chamber and the speaker, resuming the chair, called the house to order.

**PETER DUFFY DEAD.**  
Columbus, Feb. 14.—Funeral services for Peter Duffy, aged 80, who died yesterday from pneumonia at his home, here, will be held Thursday at 9:30 a. m. The body will be taken to New Lexington.

Mr. Duffy was twice treasurer of Perry County and three times elected clerk of courts. He was a merchant, manufacturer, editor and owner of the New Lexington Herald at intervals.

## Music

Geo. O'Connor Sings Quaint Darkey Song.

A quaint darkey song about a "Hill ole 'Hard Shell' Church down South"—"Pray For the Lights to Go Out"—is mentioned in Columbia's recent record announcement. George O'Connor, the clever comedian-tenor, gives a side-splitting vocal impersonation of the deacon's son, and does it in his own inimitable way.

A superstitious atmosphere is given the song by the weird rhythm of the melody.

**Miss Jordan's Concert.**  
Many Newark musicians were invited to meet Mary Jordan the famous contralto at a musicale given by Mrs. Kilpatrick at her home in North Fifth street, a couple of years ago. Miss Jordan charmed all by her graciousness as well as by her vocal art. She has made other visits to her friend Mrs. Kilpatrick, and has met many Newark people informally. All will read with interest an account of Miss Jordan's appearance last week in New York, printed in the New York Times and Tribune.

Miss Mary Jordan is remembered from the days when she was one of the contraltos of the Century Opera Co. Under a drapery of American flags she sang in Aedh last evening. Whatever was obstreperously national about the occasion was, however, smothered in banks of roses and violets. The stage had all the appearance of a florist shop with Miss Jordan the featured bloom. The vocalist had the assistance of Kurt Schindler at the piano and Sam Frank and his viola. In those numbers where the three gave a concerted performance the effect was full of loveliness, it had to be with such trio.

**New York Music Letter.**  
(By Mrs. Joseph Sprague.)  
New York, Feb. 12.—For many years Paderewski held the highest place among the world's pianists but at his recent recital he has proven that he has grown into an old man who by beating his instrument continually harangues his audiences over his Polish wrongs. Many of the finest European musicians do not come to this country because of the immense amount of advertising that must be done in order to have a successful tour. Angen d'Albert, Philipp of the Paris Conservatoire, Schnabel and Carl Flesch are great European names. Joseph Bonnet, the celebrated French organist, successor to Dr. Guilmant, has been the recipient of marked attentions by all the leading musicians in New York upon this his first visit to America.

The leading pianists in New York today are Josef Hofmann, who easily takes first place, followed by Leopold Godowsky, editor in chief of the Progressive Series of Piano Studies, Harold Bauer, Gabrielovitch, Novae, Carl Friedberg of the Damrosch School, Percy Grainger and Mme. Carrena.

**Do You Remember**

The citizens mass meeting at the Opera House, January 7, 1890, in behalf of the Newark and Granville Electric railway construction? W. C. Wells was chairman, Dr. W. H. Sedgwick vice chairman, J. S. Johnson, secretary, Jesse A. Flory called the meeting to order.

That Will H. Davis was county treasurer 27 years ago?

That A. Organ, veteran grocer, died January 15, 1890?

That a Board of Trade committee was appointed in 1890 (J. C. Wehrle, J. H. Newton, H. D. Woodbridge, J. A. Flory and W. H. Davis) to present to the federal government reasons why Newark should have a government building?

The Newark postoffice is now (1917) under construction.

When Pusey & Kerr had a wall paper and chime store in the Opera House block over a quarter of a century ago?

When John Haipite was janitor of the North Fourth street school building?

That Daniel D. Wilson died July 20, 1890?

That on December 15, 1890, mail was carried for the first time between Newark and Granville by trolley car? and that the Newark-Granville road was the first electric line to carry mail?

## Hawaiian Music—the Hit of the Day

THE rhythm, the swing, the tuneful charm of Hawaiian music is the inspiration of most of the song and dance successes that the country is wild about today.

Here are the biggest hits of them all:

**MY HAWAIIAN SUNSHINE** Columbia Record A2154, 75c.  
"My Hawaiian Sunshine," sung by Sam Ash and Robert Lewis, tenors, is a record that will make an instant hit with you—a rich "Hawaiian" blending of male voices, a tuneful melody, plus a singing guitar to furnish a delightful Hawaiian accompaniment! On the reverse Al Jolson himself sings the big London success, "The Broken Doll."

**MY LONELY LOLA LO** Columbia Record A5914, \$1.00  
"My Lonely Lola Lo" is a pulse-stirring fox-trot, guaranteed to make almost anyone dance—clicking castanets, rhythmic bell passages, and band music so good you just can't resist it. "The Dance of the Dollys," on the reverse, is a fox-trot that made as great a hit as the famous "dancing twins" it has been named after.

**YADDIE, KADDIE, KIDDIE, KADDIE, KOO** Columbia Record A2151, 75c.  
The "real thing" in Hawaiian music, even to the soft guitar accompaniment—a song of Hawaiian landlords and love, sung with infectious gay enthusiasm by the famous Knickerbocker Quartette. On the other side, "Twas Only an Irishman's Dream," splendidly rendered by the famous Empire Trio.

Ask your Columbia dealer to play these and other popular hits—and then you will know why people are buying Columbia Records of popular hits. "Hearing is believing."

**New Columbia Records on sale the 20th of every month.**

## TWO FARM AGENTS TO ILLUSTRATE WORK FOR LOCAL FARMERS

Two county farm agents, H. P. Miller, Geauga county, and A. P. Brennan, Monticello county, will give practical illustrations of their work at the meeting of the Licking County Farm Bureau Association in Taylor Hall, Y. M. C. A. building, Thursday, March 1. Licking county is going to have a farm agent or advisor and these men will answer questions to prove how our agricultural resources may be increased many thousands of dollars annually by the service of such a man.

What is a County Farm Agent?—A county farm agent is a person in the joint employ of the Federal and State governments to help farmers solve their problems. He visits farmers only on request and does not impose his services upon any one. When problems arise that he cannot solve he calls upon the experts of the state and federal government and in this way the latest and best information is made available to every farmer in the county and without expense.

Where Would a County Farm Agent be Located in this County?—A county farm agent would be located in the county seat where he would maintain an office but he would be available for services in any part of the county at any time.

What Benefit Would a County Farm Agent be to a Farmer?—The benefit derived from a county farm agent will depend upon the individual farmer. If a farmer has no problems he is not likely to derive any benefit from the county agent. If he has problems and does not ask the help of the county farm agent he is not likely to derive much benefit. But if he has problems as every wide-awake progressive farmer has and seeks the assistance of the county agent he will be benefited in a way and to an extent that it is hard to estimate.

How Can Licking County Get a Farm Agent?—By organizing a farm bureau association with a membership equal to ten per cent of the total number of farms in the county which would be 431 members, and applying to the agricultural extension department of the Ohio State University for the appointment of an agent.

Licking county is one of the largest counties in the state and should have a farm bureau with a membership of at least one thousand. To do this the farmers must not wait to be solicited for their membership but send them in promptly to the secretary.

How Can You Help to Secure a Farm Agent for this County?—By filling in the following application for membership (if you have not already done so) and sending it to the secretary, C. A. Brooks, Alexandria, O., together with the annual dues. If you are already a member get your neighbor to join. Boost the farm bureau and especially the big meeting March 1, in Newark. Watch the papers for some more questions and answers.

Application for Membership in Licking County Farm Bureau. I hereby apply for membership in the Licking County Farm Bureau and agree to pay the annual dues of one dollar per year which I enclose.

Postoffice \_\_\_\_\_

## EXECUTOR GETS \$10,000 VERDICT FOR MAN'S DEATH

Zanesville, Feb. 14.—A verdict for the plaintiff in the sum of \$10,000, the largest damage award made by a jury in this county in recent years, was returned Tuesday in the case of Chas. E. Williams, executor, vs. the New York Central & Hudson River Railroad Co. This was also the first damage suit brought in this county under the provision of the Interstate Commerce act. The plaintiff sought to recover damages in the sum of \$15,000 as recompense for the accidental death of William Corder, who was killed in March 1914 in an accident at the New York Central coal dock in East Fultonham.

## USE SALTS? Yes, if It's the "Ambition" Kind

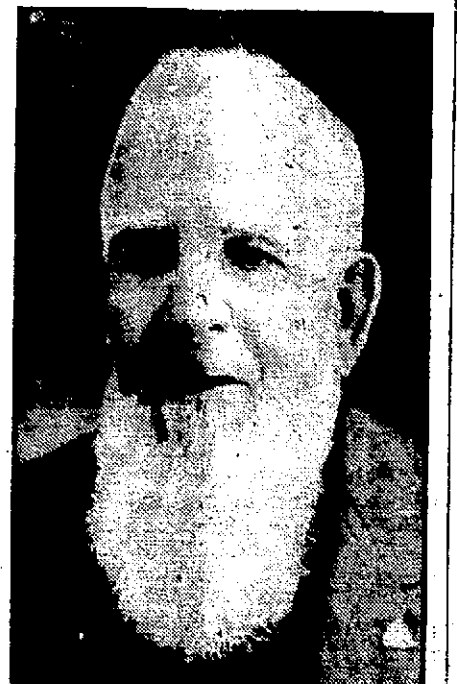

Don't use the old-fashioned salts that it's punishment to your palate and stomach to take. Use AMBITION SALTS—the new, pleasant, effervescent preparation. It tastes good. It does your whole system good. It purifies your blood, drives out the uric acid poison.

Go to T. J. Evans today and get a bottle of AMBITION SALTS for only fifty cents. Take it for indigestion, biliousness, acid stomach, headache, constipation, rheumatism, gout, liver, and kidney trouble. If it doesn't do all we claim for it, your money back on the first bottle purchased. T. J. Evans is authorized to guarantee it. Mail orders filled, charges prepaid by The Wendell Pharmaceutical Company, Inc., Syracuse, N. Y., manufacturers.—Advertisement.

## DARLING WAS FIRST LICKING BOY WOUNDED

George W. Darling, a civil war veteran celebrated his 92d birthday anniversary on February 11. Mr. Darling has the distinction of being the first soldier from Licking county to be wounded in the civil war. He was a member of Company H, Third O. V. V. I. and was wounded July 11, 1861.

Although he has reached his 92d year, Mr. Darling is possessed of all his faculties and enjoys good health. He has never married and makes his home in South Fifth street, where on the anniversary of his birth he invited the members of Encampment 31 Union Veteran Legion to his home. The hours were given over to the singing of the old war songs,

GEORGE DARLING.

and the boys of 55 years ago sang them with the vim of the war days. Dinner was served the table being centered with a birthday cake on which colored candies traced the numerals, 92.

The following were guests: Colonel H. D. Burch; past colonel, Joe Avery; past colonel, J. L. Wyle; past colonel, Tom A. Jones; Lieut. Colonel G. E. Wells; officer of the day, E. M. Barrett; major Fred Lacey; quartermaster, Richard Conly; Quartermaster, Sergeant David Lowe; Sergeant Major, John Omsdorf; Office Guard John Hiser; Sentinel Martin Van Buren Garrison; Adjutant D. H. Hollister; Sergeant George W. Darling.

The presence of General Norman Mead of Pennsylvania added dignity to the occasion.

Have a clean scalp and beautiful hair by using Kreamol Shampoo. Evans' Drug Store. 2-14mw-ft

## DENIES STORY OF DESTITUTION; PAYS PHYSICIAN'S BILL

Benton Farley, of Utica, father of the 17-year old girl who was brought to the City Hospital several days ago suffering from a gunshot wound in the foot, received when a shotgun was accidentally discharged, resents the statement that his family is destitute. He declares he has money in a Utica Bank that he is paying for the services of the physician who is attending his daughter and all that the county is doing is to pay the cost of the girl's care at the city hospital.

## SHAFFER CIGAR FACTORY DOUBLES ITS PRODUCTION

The Shaffer Cigar Company of Dayton, will double the out-put of the Newark branch in South Fourth street, beginning next Monday. Charles Shaffer, head of the firm was here Tuesday and made all arrangements toward this end.

Mr. Edward Brumm, manager of the local branch, which is one of Newark's latest industries, says the Shaffer company expects within a short time to be employing between 250 and 300 people in this city.

## A Happy Accident.

"What do you suppose has come over my husband this morning, Sophia?" exclaimed a conscientious little bride to the new servant. "I never saw him start to the station so happy. He's whistling like a lark!"

"I'm afraid I'm to blame, mum. I got the packages mixed this morning and gave him birdseed instead of his regular breakfast food, mum."—New Idea.

## The Reason Why.

"Don't you take those long cross-country walks any more, I dobs?" "None. Hike 'em of living. Wore out \$10 worth of shoe leather last month."—Browning's Magazine.

Read the Want Column Tonight.

## BIGBEE LOSES HIS EFFORT TO APPEAL SHIVELY'S CASE

The supreme court yesterday overruled motions filed by the city of Newark to hear the appeal of two cases from Licking county in which M. L. Shively and James Richter, members of the Newark police department were plaintiffs in actions against the city preventing their dismissal. The lower courts of Newark invalidated action of the Newark council and director of safety, discharging these men and refusal of the supreme court to allow the cases to be appealed upholds the decisions of the lower courts.

## Granville

[Special to The Advocate]

Granville, Feb. 14.—The Granville committee of the A. F. F. W., kept open house Tuesday from 10 o'clock a. m. to 5:30 p. m. and a great stack of finished work rewarded their efforts. The mission meeting of the Methodist ladies somewhat affected the attendance and several other faithful workers were obliged to entertain plumbers at their homes following the cold snap. Many brought in work they had done at home, and asked for more. The freshmen girls of Shephardson college again met at the home of Mrs. Walter Livingston in the afternoon and sent in the work they had accomplished during the week: one bushel of snippings, 3 comfort pillows, 4 comfort bags, 2 pillow covers, 6 pairs slippers, 6 handkerchiefs, 8 pairs infant booties. Gifts of blankets seem to appeal to people, and Mrs. Frank Ray brought in two pairs, with material for 12 children's petticoats. The complete list of home workers must be revised for the Granville paper as it is an unusually long one.

The following brief note from Miss Scarborough of the New York headquarters, was read by the president: "The national committee begs me to advise you that in the light of recent events we are sure that you will make every endeavor to double your work for France. This is not a time to lessen our efforts. Every woman in this country should realize that in helping France, she is helping the country with which we may become allied in the event of war, and that she is preparing herself for any work she may be called upon to do for the United States. We apprehend no difficulty regarding our shipments to France. Sincerely yours, "Elizabeth Scarborough, "Secretary."

The absence of Mrs. J. D. Thompson, chairman of the needlework committee, on account of illness, was keenly felt.

A large congregation greeted Dr. Bustard of Cleveland last night in the auditorium of the Baptist church when he delivered the first of the series of sermons promised for the "Week of Prayer for Colleges." He took for his text, "God so loved the world," and held the rapt attention of his hearers. Special music was furnished, with Miss Rachel Kendall, leader of the Shephardson Glee club, at the organ, and Miss Helen Ray as soloist. Dr. Bustard will preach at the 7 o'clock service this evening in the Baptist church.

Mrs. Charles J. Eddy of Billings, Montana, after a few days' visit with her sister, Mrs. W. P. Ullman, left last evening for the return journey, accompanied by Mr. Eddy, who had been in the east.

Mrs. Frank Ray accompanied her daughter, Miss Helen Ray, to Akron today, where the latter is invited to some college festivities this evening. Kenneth Jones of Newark was a guest at luncheon on Tuesday at the home of his sister, Mrs. Fred McCullum in Broadway.

The Home Missionary society of the Methodist church was delightfully entertained at the home of Mrs. Cherry in South Mulberry street, Tuesday afternoon. There was a large attendance and a good program with Mrs. Dicken as leader, the topic being "Following the Cross." The Methodist choir honored T. A. Jones of the bass section, with a surprise party at his home in North Pearl street a few evenings since, which was greatly enjoyed by all.

A cablegram was received this week, sent from Russia by Prof. Frank Ray to Mrs. Ray, in which he states that he is well and ready to start his work in Siberia—the Pacific side of the watershed.)

The Queen Esther circle of the Methodist church, composed of girls and young matrons, held a most enjoyable meeting last evening at the home of Miss Margaret Given in Summit street. The program on the topic, "Following the Cross" was in charge of Misses Clara Hessin and Ruth Gieson. The hostess was assisted in her hospitable duties by Miss Bernice Brown. Eighteen members were present and five new members were received into this growing organization.

Kreamol Shampoo is made especially for washing the hair and cleaning the scalp. Get a bottle today at Evans' Drug Store. 2-14mw-ft
